

Happy Friday! 😊

PRD Newsletter Dec, 2020

Another great week coming to an end. We congratulate Mark Fagerlund as he now can say he is a Red Hat Certified Specialist in Ansible Automation!

We also congratulate Johan Sörell on his new assignment at SBAB starting on December 14<sup>th</sup>. ❄️

We continue to have high activity in the PRD-team on both quotations and interviews. We are done with our extensions for 2021 and hear so many great things about all of you, it's so much fun working with such great people every day! ❄️

### **Set yourself up for success!**

With all meetings and interviews being on Video - it's so important to be prepared. We're beginning to be masters of this but it's important to always think about it!

Watch this video for tips on "How to Look Good on Video Calls - Skype, Zoom, FaceTime"  
<https://youtu.be/wQsyC-ks9f4>

If you need a separate camera (to enhance the camera angle) or want help with your settings, contact us.

### **We are a team and we need to help each other!**

If you are inhouse it's important you help and boost your colleagues before their interviews, a small push is sometimes what makes or breaks it!

If you are on assignment keep your eyes and ears open for all request where we can help. Reach out to the PRD team and we will contact your manager. That applies both to other assignments and training opportunities or if you think some software is required – we are glad to assist with all!

We are planning to talk more about coaching and rhetoric during January.

### **Workshop with Red Hat**

Thank you all for your interest and participation on the on-request-workshop we had together with Martin Östmark, Solution Architect on Red Hat.

We are still waiting to distribute the presentation for you all via e-mail, and will do that as soon as possible!

Please have a look at other webinars from Red Hat at the end of this newsletter, you're welcome to join or watch on demand.

### **December campaign!**

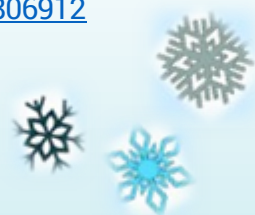

During December we have 15% discount on all exams and trainings – please spread the message, have a look at LinkedIn and like and share.

Thank you all and have a splendid weekend!

Kind regards,

Sandra and Eva, PRD
