

## Happy Friday!

Suddenly the spring feeling disappeared – but don't worry, next week it'll be summer instead!

### MANY INTERVIEWS

There is a nice and steady workload of requests from customers and many booked interviews the latest weeks. The demand for our super skilled Lexher consultants is increasing and hopefully you've all seen our job ads on LinkedIn, we're growing and that's exactly how we like it.

### COLLEAGUES MOVING ON

Despite this, we give our thanks to Stefan Qvickström for a fantastic time as valued colleague for 5 years at Lexher.

Stefan decided to start his own business as freelance and we wish him all the best. We still have good contact and will continue our relation as partners.

### FRIDAY = COFFE-ONLINE

Coffeonline continues, every Friday at 8.30 a.m. you're welcome to join via teams for a relaxed laid-back chat with the colleagues. Share your weekend plans, best films/series, or just listen to the others chatting along. We'll continue throughout June.

### LEXHER AT MEETUP.COM – FIRST EVENT

Now we're really up and running on meetup.com! First event is Niklas Lund presenting his Python Crash course. This is the same presentation he held for us at Lexher, so this is a brilliant opportunity for you who missed it. Now it's divided into three parts, each 30 minutes, and they'll start already now on Monday evening, 10<sup>th</sup> of May, at 18.30. Please join: <https://www.meetup.com/lexher-ab-competence-worth-sharing/>

### SUMMER ACTIVITY – DON'T FORGET

The 8<sup>th</sup> of June at Boulebar Tanto.

# Have a great weekend!

## Lexher Team
