Thanks to Mattias for a great evening with introduction to Infiniband last week.
For the ones who wants to get a deeper understanding there will be a second opportunity later on.

IT-HÖGSKOLANS DAY

Our participation at IT-Högskolans day feels successful. Thanks to Mattias Fahlin and Eva who represented Lexher this time. It has generated several interests from students to do their LIA internship with us. At the moment we have one LIA-student at Lexher Tobias Dahl, and you can meet him in the office.

RED HAT

A new SLACK channel is created called **# red hat**. Join the channel to get Red Hat news and updates from the Red Hat world.

MORE CAKE

We celebrated new certification last week, where Erik Reidler succeeded with RHCSA 8, great work!

CULTURE GROUP

Do not forget to register your interest if you want to participate in our discussion group "Corporate Culture" which starts in early April. The topics will be how Lexher can be the best place to work, what behaviors we want to see, how we treat each other and share skills, etc.

Have a great week!
